Where is the Sweet Girl Graduate?

Is the sweet girl graduate of yesterday helping her mother in the kitchen to day? says the Glasgow Times, or is she sitting in the twilight listening for the footsteps of some dude not worth a dollar a dozen and wondering why her father, who has wasted his money on her and has a crook in his back from working for her, hasn't more style about him?

The sweet girl graduate can make a lady or an idiot of herself, just as she chooses.

The local newspaper should be found in every home. No children should be brought up ignorant who can be brought to appreciate home papers. It is said to be the stepping stone to intelligence in all those matters not to be found in books. Give your children a foreign paper that contains not one word about any person, place or thing that they ever saw or perhaps ever heard of, and how do you expect them to be interested? But let them read the home paper and hear of people whom they have met and of places with which they are familiar and soon an interest is awaken which increases with the arrival of every issue of the local paper. Thus a habit is formed, and those children will read the papers all their lives and become intelligent men and women, a credit to their ancestors and strong in the knowledge of the world as it is today.—EX.

The Rounded Man and Woman.

Now that the boys and girls are out of school for a season, watch and see just how many girls go to housekeeping for their mummies by making cornbread, cooking vegetables, in fact, regular domestic duties in the home. And turn to the boys and see which ones chop wood, hoe and plow the garden, follow the bowerster, etc. Book knowledge is all right, but business habits and home duties should be mixed with learning powerful freely to constitute the rounded man or woman.—Elkton Progress.

Congressional Candidates.

The following is one of our offers:

Constipated? Here is a Free Cure.

You have tried pills. You know by your own experience that a physic won't cure. Let experience show you what will cure.

Constipation is the rotting of undigested food in the alimentary tube. This festering, rotting mass makes bad blood, which makes bad health. Constipation causes most sickness. It probably causes your suffering.

Mull's Grape Tonic cures. It is not a physic or like anything else you have ever used. It is a tonic containing special properties of the grape which strengthens the digestive organs and enables them to do their work unaided and properly. No gripping. If it fails, your money will be returned.

We know that Mull's Grape Tonic will cure you and, therefore, will give you a large sample bottle of the great remedy, if you have never taken it. We only ask that you use the contents of the first bottle as directed. You don't obligate yourself to buy any of the remedy.
